

ANUSHKA KUMARI

Profile

I am a highly organized and dependable candidate with a strong foundation in Data Structures and Algorithms, problem-solving, and web development. Currently pursuing my Bachelor of Technology in Computer Science and Engineering, I am passionate about the growing fields of data science and AI. I thrive on challenges and constantly seek opportunities to learn and expand my skill set in technology

Projects

Portfolio Website Development

- Developed a responsive and visually appealing portfolio website to showcase projects, skills, and achievements. Implemented an intuitive UI, interactive elements, and optimized performance for seamless navigation across devices.

Freelancing platform

- Developed a freelancing platform to connect clients with skilled professionals. Implemented features for job posting bidding and connecting it for secure payments through (via Razorpay escrow integration) various mobile banking apps.
